Wednesday 4th March- Rock Steady Music Tuition Starts
Thursday 5th March- World Book Day (dress as your favourite book character)
Thursday 5th March-No swimming

WHAT HAPPENED THIS WEEK?

Welcome back, we hope you all had a very relaxing and restful February half term, even though the weather was extremely wet and cold. The children settled back into school lovely. The first day back was school values day, in which we celebrated the value of 'Perseverance'. Everyone took part in activities and discussions linked to this value and what it means. I am sure if you ask your child they will be able to explain what it means to them.

On Tuesday we were thrilled to host Rock Steady, a music tuition company. The children all came together to watch Will play a range of different instruments, ones they could eventually learn themselves, and they began a workshop in how to become their own rockstar. 🎸🎤🎸 Thank you to all those parent/carers that have already signed up, it has proven to be extremely popular, with most of the lessons now being fully booked!

We would also like to offer our sincere apologies again for all of the inconvenience, worry and confusion that the recent maintenance on the School Gateway App has caused. Unfortunately it would appear that there are still a few teething problems, so could you please bare with us as we now need to contact the company to fix these. If you are still having problems accessing your account, let the school office know as a matter of urgency. We really appreciate your understanding and patience.

As part of British Science Week (6th – 15th March), we would like to invite the children to enter the annual poster competition! This year the British Science Week poster competition is linked to a real scientific research question. The UK government are thinking about how to build a positive future for children. So, they are asking: What is a good childhood? The poster must be: A4 or A3 size. Pupils can use pop up pictures, pull out tabs or use materials such as paint, drawing pencils, crayons and paper. Please bring all completed posters into school by Friday 6th of March 2026. Posters will be judged during Science Week, the top 5 will receive prizes and their posters will be entered into the national British Science Week competition. We look forward to seeing your entries!

Well done to Clumber house on winning the house award this week!
