- Monday-KS2 Choir Club
- Tuesday-Y1 & 2 Outdoor Sports
- Wednesday-Y3 & 4 Tennis Club
- Thursday- Y3 & 4 Lego Club
- Friday- Y5 & 6 Cricket Club

## WHAT HAPPENED THIS WEEK?

Thank you to all those parent/carers that attended our celebration assembly today. What terrific tales of hard work and perseverance, but more importantly on the whole, we have some extremely kind and considerate children in school. We always enjoy celebrating with families on a Friday and the children are always extremely proud of themselves.

'Little Ducklings' have firmly found their feet this week and have thoroughly enjoyed their second week of school life, integrating well within main school.

Our year 5 pupils ventured out today to the National Space Centre in Leicester. Despite the early start the children were impeccably behaved and enjoyed exploring the six interactive galleries. It is the UK's largest planetarium, and the children were in awe at the sight of the iconic 42m high rocket tower.

Year 4 started back swimming again this week. They all came back with beaming smiles, saying they had all really enjoy their time in the pool. They were all ready for their lunches, so must have worked extremely hard!

Last Friday pupils from KS2 were invited to a wheelchair basketball tournament at one of the EMET Trust schools in Derby. They made us extremely proud and came in 3<sup>rd</sup> place. Medals were presented to the pupils in assembly today.

Pupils from years 5 and 6 represented Lake View in the family of schools football tournament at Joseph Whitaker on Thursday. They showed our school value of perseverance in abundance and played their socks off!

As the weather seems to be very interchangeable at the moment, could we please politely request that children still have wet weather clothing in school and perhaps a sun hat too for the warmer and hopefully sunny days.

Have a wonderful weekend!
