Friday 26<sup>th</sup> September-Celebration Assembly  
Friday 26<sup>th</sup> September-Y6 SATs Parents Mtg  
(after school)

## WHAT HAPPENED THIS WEEK?

We would just like to say thank you to all those parent/carers who attended our first Teacher Learning Celebrations (TLCs) of the academic year. These events are extremely important to us and are always a lovely way of celebrating with parents the hard work and determination of our pupils, and share just how well your children have settled back into class. If you have missed these and would like to book a quick catch up call with your child's teacher, then please do not hesitate to contact school.

We are on week 3 now of the new menu and the general feedback is that the new meal choices are tasty. We do have spare copies of the menu in the office if you would like one.

This week was the first week of swimming for our year 4's and although some of them were a little apprehensive, when they returned to school they all had beaming smiles and told us what a great time they had :-)

Today was photograph day in school and all the children behaved impeccably, showing all of the school values. It was humbling to see all those beaming faces, parents you are in for a treat ! Thank you to all those parents/carers that patiently waited at the start of the day for their family portraits.

Year 5 started their DAaRT sessions this week. This programme is a 10-week course with a graduation at the end which teaches children how to make the safe and healthy choices which they will need as they develop into adulthood and beyond

Could we please politely remind you that the play equipment in the playground is not to be used at the end of the day, as it is not supervised by staff and we would hate anybody to have an accident.

Have a great weekend :-)
